OFFICE OF LEGISLATIVE COUNSEL

Wednesday - 21 October 1964

1. (Unclassified - OLC) Talked further with Sam Archibald, of the Moss Information Subcommittee staff, regarding his request for NIS Annual Production Status, dated 30 June 1964, and NIS Reference Guide, dated November 1963. It develops that his interest in these documents is connected with Chairman Moss' desire to have a member of the Subcommittee staff familiar with various parts of the world rather than with the Subcommittee's study on foreign currency. Archibald still persists in his request for access to these two documents acknowledging that they may be of no value to him yet at the same time expressing his determination to be sure of this point on the basis of his own inspection. We will discuss this further internally.
